CROMA is an invitation to experience colour in an immersive way. Inspired by the mineral calm of microcement, this porcelain collection turns walls and floors into continuous, serene and expressive surfaces. Available in 100×100 cm and 25×25 cm, its fluid graphic design makes it possible to create monochrome spaces with a strong emotional presence, where each shade —white, sand, clay, taupe and green— builds its own atmosphere. The decorative pieces blend terrazzo and microcement effects in multiformat patterns that bring rhythm, depth and a contemporary sensibility.

CROMA es una invitación a vivir el color de forma envolvente. Inspirada en la calma mineral del microcemento, esta colección porcelánica transforma paredes y pavimentos en superficies continuas, serenas y llenas de intención. Disponible en 100×100 cm y 25×25 cm, su gráfica fluida permite crear espacios monocromos con una gran carga emocional, donde cada tono —white, sand, clay, taupe y green— construye una atmósfera propia. Las piezas decoradas fusionan terrazo y microcemento en patrones multiformato que aportan ritmo, profundidad y una mirada contemporánea.
